

TOP KROP

Incitavus NXT

High performance starter fertilizer

- High efficiency phosphate starter with the added benefits of nitrogen, potassium, and sulphur
- Amino acids with a high-grade humic binder to help chelate nutrients and minerals in the soil
- 100% water soluble and seed safe
- Produced locally in Saskatchewan
- Additional micronutrients can also be added (**Incitavus Maxx**)

Benefits of our liquid starters:

- Efficient source of N-P-K-S
- Guaranteed analysis so you know you are getting what you pay for
- Applied in furrow at seeding
- 100% water soluble, low salt index, and seed safe
- Plant available in cooler soils
- Helps get crops up and out of the ground quicker
- Safe in low, medium, and high application rates on most crops
